- Compes spa demanded that all the suppliers, consultants and business partners put in place the same kind of measures.
- Our drivers have been equipped with face masks and gloves, which must be worn during delivery in your plant. External drivers passing through our sites are obliged to remain on their vehicle or, if equipped with a face mask and gloves, they may participate in loading /unloading operations at a safe distance.
- Compes is located in the “yellow zone”, where there are only restrictions concerning the social side, but none concerning our business activities. There are currently no contagion cases in the sites where we produce your orders and all activities guaranteed as usual.
- We update our web-site every week with information concerning the situation in our company.

We are doing our best to grant service on time and our high quality standards to our customers. We're trustful we will overcome this emergency with our usual commitment and positive and proactive spirit.

Sure of your kind collaboration,

Best regards
